

2017 Michigan Dairy Health Symposium

THURS., FEB. 23, 2017

8:30 a.m. - 5:00 p.m.

Cows, Milking Machines & People

This is the inaugural *Michigan Dairy Health Symposium* in what will be an annual meeting for dairy producers, veterinarians and other industry professionals concerted with the health of dairy cattle. This symposium will highlight the lessons learned from a USDA-funded project to reduce mastitis and antibiotic use, led by Michigan State University.
